

## FIELD SERVICE. IT HAS TO WORK.

As your complete molecular imaging partner, Absolute Imaging Solutions™ pays particular attention to making sure your equipment works the way it's supposed to, when it's supposed to. We provide an array of services including Field Service, Phone Support, Installation and Relocation and Application Support, and a guarantee that we'll respond to your needs quickly and professionally.

### FIELD SERVICE

When issues arise with your molecular imaging equipment, you need a field service engineer with strong diagnostic skills. We guarantee that our team of FSEs has OEM-certified training, modality certification, and an average of more than 15 years of experience. We also guarantee that they'll be responsive to your needs, and be on-site within 24 hours — and in some cases, on the same day.

Our goal is to resolve imaging issues quickly, while offering you an option that doesn't rely on OEM per-hour service rates. And since all customers have different requirements, we work with you to customize a service contract that meets your facility's unique needs. Absolutely. Guaranteed.™

- Full Service Agreement
- Time and Materials
- Preventative Maintenance (PM)

PHILIPS/ADAC GE Healthcare SIEMENS Medical

## OUR FIELD SERVICE ENGINEERS HAVE OEM-CERTIFIED TRAINING AND MODALITY SPECIFIC CERTIFICATION

### ADAC/PHILIPS:

Allegro Vertex  
 Gemini Cirrus  
 SKYLight Genesys  
 Forte Argus  
 CardioMD ARC

### GE:

Advance NXi  
 Discovery (LS, ST, STE)  
 Infinia / Infinia Hawkeye  
 Ventri

Millennium  
 (MG, MPR,  
 MPS, MyoSight)  
 Optima

### SIEMENS:

Biograph ECAT ACCEL  
 e.cam ECAT EXACT HR +  
 c.cam ECAT EXACT 47  
 Orbiter

### MEDISO:

AnyScan® S  
 CardioDESK  
 Cardiacam  
 D90

Absolutely. Guaranteed.™
